The amendment filed on July 24, 2006 is non-compliant because of the following omission(s) or matter(s):

The amendment has not been entered.

The amendment format does not comply with the requirements of 37 CFR 1.121. 37 CFR 1.121(c) provides that the status of every claim must be indicated after its claim number by using one of the following identifiers in a parenthetical expression: (Original), (Currently amended), (Canceled), (Withdrawn), (Previously presented), (New), (Not entered), and (Withdrawn – currently amended). In the amendment of 7/24/06, Claim 25 has been newly added, but is presented using the status identifier “previously presented.” It is noted that, at page 6 of the response, Applicants state

“Additionally, Claim numbers were inadvertently left off two claims from the previous submission. Thus, the previously filed unnumbered claim “The method of claim 11 wherein said agent comprises ninjurin” is now numbered Claim 22; the previously filed unnumbered claim “The method of claim 11 wherein said agent comprises neural agrin” is now numbered Claim 24; previously filed Claim 24 is now numbered Claim 25.”

On the contrary, however, the claims as originally filed were properly numbered. No unnumbered claims were present as Applicants now contend and the claim language of Claim 25 as presented in the amendment filed 7/24/06 was not the claim language of “previously filed Claim 24,” as Applicants now contend. Applicants are invited to view the Office’s copy of the originally filed claims in PAIR to assist them in preparing a compliant amendment. Applicants appear to be under the impression that a preliminary amendment was filed in this case. However, no preliminary amendment to the claims has been received. Appropriate correction is required. See 37 CFR 1.121(c).

As a further issue, amendments to Claims 1-3 have been made without proper markings to indicate the changes being made and the status of the claims should therefore be “(Currently amended)” instead of “(Previously presented). 37 CFR 1.121(c)(2) provides that all claims being currently amended in an amendment paper shall be presented with markings to indicate the changes that have been made relative to the immediate prior version of the claim. Applicants are again invited to view the Office’s copy of the originally filed claims in PAIR. Appropriate correction is required. See 37 CFR 1.121(c).

Art Unit: 1632

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a). In no case may an applicant extend the period for response beyond the six month statutory period. Direct the response to the undersigned.
